VIKASHINI M

UI/UX Designer | Figma | Mobile & Web Design

+91 - 9384481554 | vikashinimalairaj31@gmail.com | Coimbatore, Tamil Nadu

Portfolio | Behance | LinkedIn | GitHub

PROFESSIONAL SUMMARY

UI/UX Designer with 6 months of internship experience designing web and mobile products in Figma, from user flows and wireframes to high-fidelity prototypes and reusable design systems. Delivered four projects at Corpswell across web, e-commerce, and healthcare, plus three end-to-end personal app designs (90+ screens). Skilled in responsive design, visual hierarchy, and user-centered interfaces, with working knowledge of HTML & CSS for smooth developer handoff.

SKILLS

Design Tools: Figma, Auto Layout, Components & Variants, Prototyping, Adobe Illustrator, Canva

UX Skills: User Research, Competitor Analysis, User Personas, Affinity Mapping, User Journey Mapping, User Flows, Information Architecture, Wireframing, Usability Testing (basics)

UI Skills: Visual Hierarchy, Typography, Color Theory, Design Systems, UI Components, Responsive Design, Mobile-First Design, Interaction Design

Other: HTML & CSS, Design Handoff, Accessibility (WCAG basics), Cross-functional Collaboration

PROFESSIONAL EXPERIENCE

UI/UX Designer Intern | Corpswell, Chennai **May 2026 – October 2026 (6 months)**

Corpswell: Landing Page UI Design | *Figma · Web UI Design · Visual Hierarchy | 1 month*

- Designed responsive landing page sections, including hero banners, course discovery, navigation, and call-to-action (CTA) elements, to improve course discovery and enrollment flow.
- Applied visual hierarchy, typography, spacing, and brand guidelines to deliver a consistent, conversion-focused interface.

Corpswell: Services Page Content & Visual Design | *Figma · UI Design · Information Architecture | 1 month*

- Designed content and image layouts for the official Services page, structuring information for clarity and easy scanning.
- Applied typography, grid alignment, and image placement principles to maintain visual consistency across the website.

DoctorCare: Doctor Appointment Booking Mobile App | *Figma · Mobile UI/UX · Prototyping | 3 months*

- Designed mobile UI/UX for appointment booking and healthcare workflows, simplifying the patient journey from search to confirmation.
- Created user flows, wireframes, high-fidelity screens, reusable components, and interactive prototypes for stakeholder review.

Hakshatra: E-commerce Website Design | *Figma · Responsive Web Design · Design System | 1 month*

- Designed responsive e-commerce layouts for desktop, tablet, and mobile, focused on product presentation and intuitive navigation.
- Built consistent UI components and applied responsive design principles to maintain brand identity and improve the shopping experience.

PROJECTS

Tiffin Box: Meal Planning & Delivery Mobile App | *Figma · 50+ Screens · End-to-End UX*

- Designed 50+ high-fidelity mobile screens covering meal planning, child profiles, nutrition tracking, meal customization, ordering, and delivery tracking.
- Delivered the full design process: user flows, wireframes, interactive prototypes, and a reusable component library.

HireNest: Job Discovery & Recruitment Mobile App | *Figma · 40+ Screens · Dual-User Design*

- Designed 40+ mobile screens for two user groups (candidates and recruiters), covering job discovery, applications, profiles, and hiring workflows.
- Developed user flows, wireframes, interactive prototypes, and reusable UI components to ensure scalability and consistency.

Virtual AI Styling: AI-Powered Fashion Styling App | *UX Research · Information Architecture · UI In Progress*

- Defined user personas, journey maps, user flows, and information architecture for personalized AI-powered fashion recommendations.
- Currently developing high-fidelity UI screens and interactive prototypes.

EDUCATION

Bachelor of Computer Science | VLB Janakiammal College of Arts & Science **2023 – 2026**

CGPA: 8.1
